## **Parent/Guardian Partnership**

Parents/Guardians are partners with faculty and administration of Pace Brantley Preparatory School in the education of the students.

This partnership comprises:

- support of the Mission of our School
- open and respectful communication with faculty, administration, staff, and other parents
- support of the students and their decision making by following dress code guidelines, observing attendance policies, abiding by School regulations (and state laws) upholding other School policies as outlined in Student Handbook, and involvement in the school community

Pace Brantley Preparatory School believes that a positive and collaborative partnership between the School and the student's parents(s) or guardian(s) is essential to the fulfillment of the School's mission. Behavior by the student's parent(s) or guardian(s) that is not in compliance with the School's policies or culture will not be tolerated. Inappropriate, aggressive, threatening, or harassing behavior towards a faculty or staff member is in violation of the school's mission. This would include driving on school property.

In such cases, Pace Brantley Preparatory School reserves the right to separate the student and family from the School for the current academic year or not re-enroll the student if the School concludes that the actions of a parent or guardian make a positive and collaborative relationship impossible or seriously interfere with the School's accomplishment of its educational and safety responsibilities. .....

By electronically signing the handbook, I acknowledge the contagious nature of COVID-19 and voluntarily assume the risk that my child(ren) and I may be exposed to or infected by COVID-19 by attending the School or any school-based activity off campus and that such exposure or infection may result in personal injury, illness, permanent disability, and death. I understand that the risk of becoming exposed to or infected by COVID-19 at the School may result from the actions, omissions, or negligence of myself and others, including, but not limited to, School employees, volunteers and program participants and their families.

I voluntarily agree to assume all of the foregoing risks and accept sole responsibility for any injury to my child(ren) or myself (including, but not limited to, personal injury, disability, and death) illness, damage, loss, claim, liability, or expense, of any kind, that I or my child(ren) may experience or incur in connection with my child(ren)’s attendance at the School or its programs. On my behalf, and on behalf of my child(ren), I hereby release, covenant not to sue, discharge, and hold harmless the School, its employees, agents, and representatives, of and from the claims, including liabilities, claims, actions, damages, costs or expenses of any kind arising out of or relating to any of the risks of COVID-19 described above even in the event that the School, School employees, agents, representatives, volunteers, or parents , guardians or other caregivers for children cause the risk or its consequences to occur through their own negligent acts or omissions. I understand and agree that this release includes any claims based on actions, omissions, or negligence of the School, its employees, agents, and representatives, whether COVID-19 exposure or infection occurs before, during, or after participation in any School classroom instruction, program or event, including extracurricular events or activities.

## **STUDENT DETENTION, SEARCH AND SEIZURE**

### **I. Purpose**

A. A member of administration may temporarily detain and question a student when circumstances indicate that such student has committed, is committing, or is about to commit a violation of Florida Statutes or Pace Brantley rules. The purpose of this policy is to establish the parameters and procedures by which students enrolled in PBPS may be subjected to search within the bounds established by law.

B. Administration may search students reasonably suspected of being in possession of contraband or other prohibited items while on Pace Brantley owned property or wherever students are under the official supervision of Pace Brantley employees, such as on field trips, at extracurricular activities, or while being transported to and from such places either by bus, by approved drivers, or by other means of conveyance. School personnel may conduct a warrantless search of a student's possessions, locker, vehicle, or any other storage area on school property when school personnel have reasonable suspicion that illegal, prohibited, or harmful items or substances, or stolen property may be concealed on the student's person or in a storage area.

### **II. Reasonable Suspicion**

Reasonable suspicion requires school personnel to be able to articulate the facts and inferences that led them to believe that a violation of the law or the *Student Code of Conduct Handbook* had been or was being committed, and that a search could produce evidence of that violation. In making such a determination, school personnel may consider factors, including but not limited to:

1. their training and experience
2. their personal observation
3. the reliability of informant information
4. their previous experiences with the student to be searched
5. their knowledge of the student's age, reputation, and discipline record
6. the prevalence and/or seriousness of the suspected violation of the law or the Student Code of Conduct Handbook
7. the urgency to protect the health and safety of students, school personnel, and others

### **III. Authority to Search**

The search of students, student possessions or storage areas is an action generally reserved for school administrators. Teachers, school security specialists, and other staff members who suspect a student may be in possession of illegal, prohibited, harmful items or substances, or stolen property should, whenever possible, notify a school administrator of their suspicion, rather than conducting a search themselves. School administrators will consider the facts of the situation along with the suspicions of the teacher, school security specialist, or other staff members, and if he/she determines there is justification for a search, will conduct the search in accordance with the guidelines outlined in this policy. In those situations where teachers, school security specialists, or other staff members are not able to notify a school administrator of their suspicions, and they determine an immediate search is warranted, they shall conduct the search in accordance with the guidelines outlined in this policy.

### **IV. Searches Involving Law Enforcement Officers**

Law Enforcement Officers must have probable cause to conduct a search. Probable cause requires the officer to have a higher degree of certainty than school personnel that the search will uncover illegal, prohibited, harmful items or substances, or stolen property.

## **V. Random Searches**

The following searches may be conducted without individual suspicion of specific students being in possession of illegal, prohibited, harmful items or substances, or stolen property: canine search, electronic scanning devices, and drug tests for students who are on a behavior contract or students who participate in extracurricular activities.

**Bullying should be reported directly to a teacher, Guidance Team Member, Principal, or Head of School immediately.**

**HARASSMENT** –The purpose of this policy is to inform and educate students of their responsibilities, rights, and complaint/grievance procedures with regards to harassment. Any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal, or physical conduct that (1) places a student or school employee in reasonable fear of harm to his or her person or damage to his or her property, (2) has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or (3) has the effect of substantially disrupting the orderly operation of a school including any course of conduct directed at a specific person that causes substantial emotional distress in such a person and serves no legitimate purpose. The term "harassment" includes verbal or physical conduct that denigrates or shows hostility or aversion toward an individual. "Harassment" includes, but is not limited to: racial slurs, jokes, epithets, negative stereotyping, threats, intimidation, hostile acts, denigrating or hostile written or graphic material in student's possession or constructive possession (e.g. book bag, locker, etc.), worn, posted or circulated in the workplace or schools. **Note:** Students who report any of the above listed activities/information to the appropriate authorities may have their names held in confidence and Pace Brantley agrees not to release the student's name to any other student.

**Speak-Out Hotline 1-800-423-8477:** The "Speak-Out" program provides a monitored 24-hour hotline that allows students, parents, or community members to call anonymously and report concerns regarding drugs, weapons, violence, abuse, suicide, or other problems.

# HEALTH SERVICES

## ON CAMPUS HEALTH SERVICES

A school nurse is on campus to serve as the Health Services Coordinator. The clinic provides care to students in any grade who become ill or injured while on campus. When notified of the need to go home, we expect your child to be picked up from school **within 60 minutes of receiving the call**. If this is not possible, consider making other arrangements to have your child picked up from school to prevent the spread of illness.

## WHEN STUDENTS SHOULD STAY HOME

COVID-19, prevailing medical information, and preparations to best return to normal operations are in a constant state of flux and we ask that you show flexibility as conditions warrant. Our school nurse will be providing updated information regarding COVID-19 as we receive direction from officials from CDC, FLDOH, FCIS and FLDOE. Due to the continuous changes these will be sent to families in a separate notification. It is imperative that you read the information being sent to you as we all must work together to keep our PBPS community safe.

To provide and maintain a healthy environment for your children, the faculty and staff at PBPS ask that you review and comply with the following guidelines regarding health conditions that may require your child to stay home from school. Regardless of the severity of the health issue, children should not attend school if they are unable to comfortably participate in classroom activities or if they have any of the following illnesses:

- **Chickenpox**- Children may return to school only after scabs have formed to cover the infection (usually approximately 5-6 days after the onset of rash).
- **Common Cold**- Children should stay home if they have a chronic cough that disturbs class or nasal drainage that is unable to be managed by the child.
- **Conjunctivitis** -Bloodshot eyes accompanied by swollen lids and discharge are likely infectious. Children with “pink eye” should remain home until they have been treated with antibiotic eye drops for at least 24 hours.
- **Fever**- Children with a temperature of 100 degrees or higher should stay home from school and only return once they have been fever free for 24 hours **without the use of medication**, such as Tylenol (acetaminophen) or Motrin (ibuprofen).
- **Impetigo**- Children may return to school 24 hours after starting antibiotic treatment if they are fever free. Lesions should be covered.
- **Lice**- Children with lice – including live insects in their hair or nits within a quarter inch of the scalp – must remain at home until treated and the nits are completely removed. Parents must notify the clinic if their child has lice so we can properly screen their class and their sibling(s) class(es).  
**Students who have been treated for lice must visit the clinic for a check before returning to their classroom.**
- **Ringworm**- Circular scaly patches that are pink at the outer edge and normal skin color toward the center are likely due to a fungal infection that is commonly called ringworm. A child with ringworm may not return to school until 24 hours after treatment has begun.

- **Strep Throat-** A child who has been diagnosed with Strep throat may not return to school until they are fever free (unaided) and have been on antibiotics for 24 hours.
- **Vomiting and/or diarrhea-** Children should not attend school until 24 hours after the last episode of vomiting or diarrhea.

## **Pediculosis (Head Lice)**

- Pediculosis (head lice) has become common in school. It is highly transmittable, and all age groups are susceptible. Parents/guardians are responsible for checking their son/daughter's head for lice and their eggs (nits), even if the most common symptom of itching is not present. If lice or nits are found, it is important to treat the student and carefully monitor other family members.
- Students cannot be sent to school if any nits or lice are present in the student's hair. When students return to school, they shall be checked by the School Nurse.
- Pace Brantley Preparatory School has a "no-nit" policy which means students may not attend school if nits remain in the hair after treatment. Any student that is identified as having head lice will be sent home with instructions for treating the child and the home. The student should be treated; nits removed and returned to school the following day. When a student has been sent home due to head lice, the

parent/guardian must bring the student to school for recheck before returning to class. If the student is free of lice and nits, the student will be given a pass to return to class. We do not wish to exclude any student from class; however, head lice can cause secondary health problems and must not be allowed to become an epidemic in our school. Parents/guardians need to instruct their students not to share brushes, combs, hats, or other personal items with others to avoid infestation.
